I just spoke with Helen to get some clarification on the issue paper materials, examples, etc., and I understand Helen, Kim, and maybe Dan Opalski were planning to sit in on the briefing with Denise 31 July.

Thanks, Sarah. As it appears R10 was in on that decision, I think it is OK for now. Obviously we'd like to get to the point where EPA HQ and R10 are all on the same page, if possible.

Apologes, but I've been out of the office the last four days for several reasons (but back in tomorrow), so I don't know how we landed here-- looks like Mike and Jim may have better info.

Thanks,

John

DRAFT-DELIBERATIVE* ATTORNEY-CLIENT PRIVILEGE

Hi John,

I understand it was decided while I was away that the briefing for Denise would be an informational briefing for HQ (no longer R10) to get Denise up to speed on the issues and potential options associated with the PO TMDL.

COB Today I will ask Darren Reid to remove R10 from the invitation. Do you have any comments or questions?

Best,
Sarah

Hi Helen,

Thanks again for your notes below and transmittal of R10 comments on the informational briefing paper. I'm back in the office after the 2-wk training.

I understand HQ folks will proceed with this informational briefing for Denise, and I will plan to share messages coming out of the briefing with you by the end of the week.

If you have any questions or concerns, let me know.

Sarah
